

Introducing our latest Rapid Access System for the Homeowner

Knox® HomeBox™ ... *When Seconds Count*™

Knox® HomeBox™ provides homeowners with the same secure rapid access system that currently protects hundreds of thousands of government and commercial properties in over 13,500 fire jurisdictions across North America. When lives, safety and property matter, a Knox HomeBox can make all the difference. When seconds count, count on Knox.

Tactical Advantages

- Reduces risk of injury to responding personnel
- Improves response times
- Reduces property damage
- Makes re-securing accessed property reliable, easier and faster

Practical Advantages

- Utilizes the highly secure Knox proprietary key system that is already in place for commercial buildings in your municipality, therefore no additional keys to secure or manage.
- Built to Knox standards of reliability and quality that have been trusted by more than 10,000 Fire Departments for over 40 years.
- Electronic email notification of purchase provided to Knox Program Coordinator upon shipment, installation report data provided via secure login at Knoxbox.com.

Pricing / Availability

- One-time purchase of \$159.00/ea.
- General market release: September 2016
