

**Coordinator: Barbara Friedman** cubtf5@gmail.com

**The purpose of the Challenge SIG** is for members to improve their photography through regularly participating in monthly challenges based on a provided theme. Challenges such as these can help photographers push their creative boundaries and expand their technical knowledge through practice and online interaction with other members.

Any photo club member may participate – beginner or advanced, DSLR/Mirrorless or phone. The goal is to have fun practicing and learning.

## PROCESS

A new challenge will be emailed to members on the first of each month. Participants have until the last day of the month to submit up to 3 photos related to the challenge theme to the SIG Dropbox folder. They can also comment on photos submitted by other members. Photos will be kept in the Dropbox folder until the last day of the following month; for example, photos submitted for the January theme will be kept until February 28th.

All submitted photos must be taken during the month that the theme is active, i.e., members may not submit older photos. By restricting the dates in which photos may be taken, we hope to help participants practice their photography more often and to think more creatively about the theme.

Specific instructions regarding participation will be mailed to new SIG members, and will also be shared in the Dropbox folder.

## MEETING INFORMATION

- **There are no meetings for this group.** Participation is through Dropbox only.

## PHOTO SUBMISSION

- **Link:** To submit your photos via Dropbox [click here](#)
- **Number of Photos:** You may submit up to three jpeg images each month. (iPhone users, please submit photos in jpeg / jpg format, not HEIC).
- **Photo Size:** There is no limit to the image size
- **Filename of submitted photos:** Filenames only need to include the title of the photo. Dropbox will attach your name when you upload the file
- **Photos are due:** by the end of the last day of the month.
