Sun City Texas Pickleball Club Newsletter

July

### FROM THE PRESIDENT

CITY TEXAS

Barb Patterson

There is plenty of misinformation flung around in our world today and it sure doesn't stop at the pickleball courts in SCTX. So here's a little quiz you can take to see how well you know club guidelines and rules. Side note: all of these questions came about as a result of questions from members this past month.

### TRUE OR FALSE?

1) It's fine to leave the lights and fans on at the end of evening play.

**FALSE**-You should always turn off the court lights, pavilion lights and any fans that are running when you leave the courts at the end of playing. All of us residents are paying those utility bills!

2) Players should wait until 7:00 am to start play at all three court locations. Play should end at 10:00 pm at both Northpoint and Texas Drive, and at 9:00 pm at Retreat.

**TRUE**-Start/end times are set so as to not disturb surrounding neighborhoods. And soon, there will be houses at Northpoint so we need to follow court hours there too.

3) If someone reserves a court and then leaves the court to take a break and get a drink, then the court is considered "abandoned" and anyone can step in and use it.

**FALSE**- If a court is reserved, players are entitled to use it the entire reservation period and they certainly can leave the court to rest and get a drink. (I have no idea where the person who spouted this off as a "rule" got that idea, but there is no "abandonment" rule).

## FROM THE PREZ (CONT.)

4) If you are hosting guests in your home, you must accompany them to the courts if they want to play pickleball.

**TRUE**-*Please do not just tell your guests (such as children or grandchildren) to go play pickleball without you being there at the courts with them.* 

5) You can only take containers of WATER on the courts.

**FALSE**-You can take other drinks, besides water, on the courts. In fact, in order to prevent heat exhaustion, we encourage members to use electrolyte drinks during these extremely hot months. We do ask that you clean up any drinks (other than water) that you might accidentally spill on the courts.

6) Players on reserved courts should leave the court five minutes before the next reservation time. So if you have a 7:00 am - 8:30 am reservation slot, you should vacate the court by 8:25 am.

**TRUE**-*In our SCTPC Rules and Regulations, Rule 6.4 is still in effect: "If play is occurring under a Reservation, play must stop 5 minutes prior to the reservation period end time."* 

I hope everyone has a Happy Fourth of July - please take extra care during these dog days of summer!

Barb Patterson

## WECOME TO THE NEWEST PICKLEBALL PLAYER!

Mackenzie Boyett

Rowan Len Boyett was born on Tuesday June 11 at 11:22am! He is home and enjoying time with his proud parents.

**Congratulations to MacKenzie and Matt** 

## VOLUNTEER OF THE MONTH

nominated by Liz Blount

Our volunteers of the month are Laura Duty and Cris Vallee.

As volunteers for the Capital Expense Committee, Laura Duty and Cris Vallee did an exemplary job researching the viability of adding shades to our existing courts. Laura and Cris secured a well-respected and known contractor in Sun City to examine our courts on-site to ensure the project could be completed and that would benefit our members' playing time on a daily basis. Laura and Cris went above and beyond by composing a detailed proposal for the CA with special care to ensure all timelines were met. Laura and Cris have made themselves available to the CA as well as the Pickleball Club Board to answer questions that may arise. Laura and Cris have proven to be dedicated volunteers who we can count on throughout this worthwhile endeavor.

## CLUB ANNOUNCEMENTS (CONT.)

## We are starting the process of forming the nominating committee for the upcoming Board of Directors elections

#### What Does the Nominating Committee Do?

Fun, Friends and Fitness

The committee's objective is to bring to the current club board a list of candidates for the Club Board positions that will be opening up at the end of this year. If elected, new Board members will serve for 2025 through 2026. Board positions that will become open are listed below and the job descriptions for each of these positions can be found on our Club website or can be obtained from Liz Blount.

- President
- Treasurer
- Secretary
- Communications Director

### If you are interested in serving on this committee, please let Liz Blount know at liznsugar@gmail.com

Of course if you are considering running for any of the officers available for this cycle, let Liz know.

**QUESTION:** My partner played a shot very near the sideline. My partner's shot went into the net, but my partner was adamant the ball was outside the line and, therefore, 'out.' They further argued that the ball was 'out' before the ball went into the net, even though they didn't call it when it happened. They couldn't get the word 'out' said quickly enough because they concentrated on hitting the ball. I was too far away to make a definitive call. Our opponents said my partner made the 'out' call too late. What is the correct ruling for this situation?

**ANSWER:**Your opponents are correct. You or your partner can make the 'out' call in that situation, but it must be made before the ball either becomes dead or your opponent plays the ball. In this case, your partner hit the ball into the net, which made the ball 'dead' before your partner made the 'out' call. The applicable rule is 6.C.7 of the USA Pickleball Official Rulebook.

### CAPITAL IMPROVEMENTS UPDATE

The Pickleball club submitted the proposal for sun shades at Northpoint to the CA for consideration. Laura Duty and Cris Vallee were the authors in this submission and the CA committee who sets their eyes on this first is the Capital Expense Subcommittee. This CA subcommittee had a few questions about the proposal and Laura and Cris have answered their questions on a timely basis and will continue to answer any upcoming questions/concerns. At this time, this sub committee is recommending the Pickleball cover project to the SC Board of Directors and will manage the entire review process with the SC Board of Directors through their Board vote in November.

In the meantime, the Pickleball club can begin to raise funds for this project NOW. We have set a goal of \$10,000 to raise for this year. Currently there is an outside tournament which will take place in September which we will net approximately \$2400.00. We are actively seeking ways to raise more donations and welcome ideas from club members.

Do you have an idea? Liz would lov to hear from you! Contact her at <u>liznsugar@gmail.com</u>

The Pickleball Board is planning an informational meeting on this project open to all Pickleball club members. More information to follow.

### TRAINING & DEVELOPMENT By Ric Hutchinson, Director of Player Development

### I once asked Carnac the Magnificent to help

**me out.** Many years ago, I gave him a hermetically sealed envelope that had been kept in a mayonnaise jar on Funk and Wagnalls porch since noon of that day. After a lengthy divination he looked up and said *"Really*"

*Retired*". I looked puzzled and repeated "*Really Retired*"!! He opened the envelope and read "*What will Ric Hutchinson be on January 1 2026*."

**That** didn't mean much to me back them. BUT --now that I've been the Player Development Director for 18 months and have 18 months to go it makes perfect sense. So, it's time to start looking for my replacement. I know that somewhere in this club of almost 1,700 people someone is waiting to take this position. Especially if you enjoy working with people who are enthusiastic and want to learn pickleball.

If you have an interest in learning how our training programs work, and what this position includes, I'll be happy to talk with you. But don't wait too long because January 1, 2026 is coming fast.

**NEW INSTRUCTORS** You'll notice in the pictures below of the Beginner Training classes that we have LOT'S OF INSTRUCTORS. That is because we have had a great response to the request for new instructors. In the last 15 months we have added 24 new instructors to the Training Development Team. That's the good news, the bad news is that during that same time we've lost 20 instructors. In order to make our training programs work we need instructors, but nobody signs up for life. Even though the pay is great, (instructors make the same \$ that I do), we need to continually refill the well.

If you think you might like to join the Player Development Team, you're at least a 3.0 player and you've played for at least a year, you're eligible. But to find out what it is really like, don't talk to me, talk to the other members of the Player Development Team.

### FROM THE MAINTENANCE TOOL SHED

#### By Tim Schutte, Maintenance Director

Has anyone not noticed Tim working on the courts almost everyday? You can help him by reporting maintenance issues at any of the three locations.

Email: MaintenanceSCTXPickleball@gmail.com

Text Message: 540-454-1178 or voice mail.

Please include the following:

What is the problem?

What court or area is the problem located?

If you believe it is urgent or not, it is always helpful. Urgent means if not fixed ASAP someone could get injured could impact multiple people.

NOTE: Some maintenance requests may have to be forwarded to the Community Association (CA) to be resolved. If that is the case I will respond and let you know.

## CLUB ANNOUNCEMENTS (CONT.)

#### ACCIDENT REPORT FORM

Please return completed form to:

Peg O'Toole - Secretary SCTPC

email: jgmlo@yahoo.com text/cell: 770-853-8358 or

leave the completed form in the plastic storage box and notify her that it is there

Peg will give the form to the CA and follow up on the accident.

Did you know that we are required by charter to report injuries that occur as a result of pickleball activity to the CA? In the first aid kit at all courts is a clip board that has blank accident forms. Just fill out the form, leave it in the first aid box and drop us a short note to <u>SCTXPICKLEBALL@gmail.com</u> and we will take it from there. Alternatively there is a link from our website that get you a blank PDF version of the accident form. We would like to know about any injury, but it is especially important that we receive a report on any accident or injury that requires medical care. We thank you for your help!

### **CMARS Self Rating**

In the CMARS application there is a field for self rating. Most of us either filled it out once or had it entered for us when we graduated from SNP. We are requesting that you review your self assessed rating and update as appropriate. Please be realistic on your rating and make as close to your actual play as possible. Why is this important? Ric has already started using this rating as part of the acceptance for admission to the Train the Trainer course and Matt's pro clinics. When the club sponsors an event like the Spring and Fall Tournaments and the upcoming Fall Ladder League, we use these ratings to help determine where you should be slotted.

Updating your rating is easy. Sign into CMARS. In the upper corner of the screen you should see your name. Click on your name and select Personal Information. Look for the Self Assessed Skill Rating tab (**NOT The self assessed rating 2 tab**) and enter your rating. Visit and update often! Thanks!

### SPECIAL DONATION OPPORTUNITIES

We are all aware of the Capital Expense Program that was discussed earlier in the Newsletter. But did you know that there is also an opportunity for smaller project donations? Players at Northpoint all applauded the metal swinging gates that our Maintenance Director Tim Schutte installed. Unfortunately these were not in our budget and the end of year surplus that we had hoped to cover more gates is shrinking.

Here is the new opportunity! The club is now accepting donations for specific smaller dollar projects - like the chain link gates . One group has already made a donation and the gate has been installed.

The guidelines are pretty simple. The intended use of the donation has to be approved by the board. Generally project costs should not exceed \$250.00. Once approved, checks made out to SCTXCA can be dropped off at D'Les Longno's house at 209 Kickapoo Creek Ln. D'Les has a donation box on her front porch if she is not there. The project will be completed by the club and the group or individual making the donation has the option of providing an identifying plaque to be installed on the project.

The gates cost \$150.00 and you can request where the gate should be installed. There are other projects out there - let your imagination run wild.

Questions? Contact us at <u>SCTXPickleball@gmail.com.</u>

Pat Garren from the Fun First group admires the gate his group donated,
