

LET LOOSE AND PLAY

CANDY McMAINS

jimmac5555@gmail.com 512-943-4005

Jack of all trades-Master of none! That's me in a nutshell!

Since moving to Sun City I have pursued my interest in the Arts by taking classes in ceramics, stained glass, jewelry making, watercolor and acrylics. I have also attended classes in San Marcos and Cloudcroft, New Mexico as well as Georgetown.

But it wasn't until taking JoRene Newton's Collage class that I found my happy home! Having been an elementary school teacher most of my life (or so it felt) I was an avid collector of "Stuff". In Collage/Mixed Media I have found a way to incorporate my love of "Stuff" and make beautiful Art as well.

Teaching a classes in Collage/Mixed Media gives me the opportunity to share with others this exciting medium as well as the many tips and techniques I have learned.

My desire is to encourage those who are intimidated about getting started in Art to Just Let Loose and Play.

Collage/Mixed Media is a great place to start as there are only a few set rules. It is an art form defined by the people who create it. Most of my discoveries have been born of experimenting. Come... make Art with me, I guar-an-tee you'll have fun!

Remember:

Dreams are just dreams until you put actions behind your desires!
