

Paul F. Taylor

I am originally from the Eastern Shore of Maryland. I retired from the Army in 1988 and from the civilian work force in 2015. In October 2015 we began our life as fulltime RV,ers and traveled the United States enjoying it's beauty. We RV'ed for a little over 3 years until some health issues made it necessary to have a fixed location for Doctor's visits.

I became interested in Calligraphy while stationed in Europe. When we returned to the states (CONUS) in 1981 I was unable to find classes so I bought some books and pens and ink . Then I began my journey with Calligraphy by teaching myself with many hours of practice and many, many mistakes. I taught Calligraphy for the Michael's stores in southeastern Virginia for 14 years and performed commission work such as weddings, poems, quotes and certificates.

We reside in Sun City and really enjoy the lifestyle as well as Georgetown. As the saying goes, "I'm not a native Texan but I got here as soon as I Could"
