Nest Smoke & CO2 Detector (2nd Generation!)
$99 ea for either Battery only
Or Rechargeable Battery with
110v Power Connector (2 wire)

Nest Setup

- For first Nest
  - Choose location name from builtin set
  - WiFi connection info
  - Nest Cloud Service account information
- For each subsequent Nest
  - Choose location name from builtin set
  - Each Nest then talks to others and joins mesh network
- Wiring for 110v
  - Does not use the interconnect wire that old First Alert Detectors used
- The detectors announce (speak) what and where for testing (periodic or manual), early alerts, alerts, or battery issues
  - No more trying to how many beeps and what they mean
- PathLight
  - Low visibility light on detected movement at night

Nest Android Tablet App Screen Shot
Connects to Nest Cloud Service
