Private Relay is Active
Your IP address is hidden and your Safari browsing activity is protected.
See what's new in macOS Monterey
Discover new ways to stay connected, get more done, and work fluidly across devices.
What's New in Safari
Tab Groups
Save and organize your tabs in the way that works best for you. Switch between Tab Groups using the newly redesigned sidebar or drop down menu.
Streamlined tab bar
Browse with even more space with the streamlined tab bar. Search right from the active tab and find favorite features in the "more" menu.
New privacy protections
Intelligent Tracking Prevention now also prevents known trackers from viewing your IP address.
Quick Note
Highlight text and images on a webpage and add them directly into Quick Note along with a link. Your annotations will be saved for the next time you visit and you can reference them in Notes.
