Startup boost

Are you satisfied with startup boost?  

Get to browsing quickly. When this is on, it helps Microsoft Edge open faster when you start your device. [Learn more](#)

Startup boost is turned off as the current profile is using one or more extensions that are conflicting. Turning on startup boost anyway may not work as expected. [Learn more](#)

 [Avast Online Security & Privacy](#)

Turn off

Continue running background extensions and apps when Microsoft Edge is closed

Use hardware acceleration when available

Open your computer's proxy settings 

Prevent Microsoft Edge background process
